The dead are still dead and the living are still finding their way through this horribly altered landscape of America. Thus, it's a perfect time to—bring on the bad guys! Randall Flagg performs his first act of magic and begins his cross country journey in a souped-up Buick. And then, there's the strangest addition to the cast yet...Donald Merwin Elbert, the Trashcan Man, a pyromaniac who suddenly has no one to curb his unhealthy obsession with blowing things up. All this plus Rita suggests to Larry Underwood that they should start making their way out of New York, perhaps via...the Lincoln Tunnel! And you know what that means.

THE ART OF MARKO DJURDJEVIC HC

Written by JOHN RHETT THOMAS

Cover by MARKO DJURDJEVIC

Marko Djurdjevic burst onto the scene from obscurity, a passionate artist sharing his work online. The quality of his illustrations needed no explanation beyond that which was obvious at first glance: the sleekly stylized figure work, his masterful command of colors, and the layers and subtext that formed an essential part of his vision. It was a short trip from anonymity to his current status as one of Marvel's most compelling cover artists. This lush art book will feature a treasure trove of Marko's cover illustrations — plus sketches, designs and extensive discussion about the process that has made him one of Marvel's most popular artists. In collaboration with the artist himself, and with input from his peers, THE ART OF MARKO DJURDJEVIC will be the kind of deluxe art book you'll be proud to show off to friends and fellow art fans.

When the Hulk returns to Earth for the senses-shattering events of World War Hulk, we can all guess which puny humans will fight against him. But which of Earth's heroes will fight for the Hulk? Don't miss the shocking revelations as Amadeus Cho, the boy genius who took on Reed Richards on behalf of the Hulk in INCREDIBLE HULK #100, confronts She-Hulk and Doc Samson – and precipitates a gamma-powered smash-fest in the wilds of Jersey! Then, the dust has settled after WORLD WAR HULK and Hercules and Amadeus Cho find themselves outlaws, a situation further inflamed by Cho's grudge against the super-spy agency S.H.I.E.L.D. and Herc's feud with his estranged half-brother – Ares, god of war, who isn't above abusing his new federal clout for the sake of sibling rivalry. It's Marvel's mightiest manhunt, guest-starring Wonder Man and the Black Widow. Then, the Greek Goliath gathers the most powerful super-team ever assembled to counter-attack the Skrull gods!
